EXPLANATORY NOTES FOR THE 1929 NATIONAL GUARD REGISTER

1. *Publication.*—"The Chief, Militia Bureau, will publish from time to time an official register of the National Guard." The National Guard Register is a directory designed to show all federally recognized National Guard organizations and the classification of National Guard officers as to assignment and record of service.

2. *Arrangement.*—Under "Stations of Organizations" is shown National Guard organizations, by Division, Corps, Army, General Headquarters Reserve, and Coast Defense designations. The main body of the Register is arranged in alphabetical order of States, showing the recognized organizations and the officers assigned thereto. In each State the names of recognized active National Guard officers are followed by those of officers in the National Guard Reserve. Each page is arranged in two columns separated by a vertical line. Organizational designations and the names of officers appear in the first column and the corresponding history, chronological data, or record of service in the second column.

3. *Data.*—In the main body the first column shows the organization and its station, the names of officers and warrant officers assigned to the organization, and certain data on each officer to include his grade, the State and date of his birth, service awards, college or university degrees, graduates of Class M ROTC institutions, General Staff Corps status, graduation at general and special service schools (officers only), aeronautical rating, and his present status in the Officers' Reserve Corps. The second column shows the histories of each organization, including date of Federal recognition and subsequent redesignations, and the record of service of each officer and warrant officer.

4. *Histories and coats of arms.*—The inclusion of brief histories of organizations, with blazons and descriptions of approved coats of arms, inaugurated in 1928, is continued, as far as practicable, in this edition, together with descriptions of badges now authorized for wear by the personnel of noncolor and nonstandard bearing organizations. As the same crest is used for the coat of arms of every color-bearing organization in a State, the blazon and description of the crest is published at the head of the first page of the section pertaining to each State. When an organization adopts a shield oi which the principal metal and color are not in accord with the heraldic crest-wreath (twist) as blazoned, the metal and color of the crest-wreath will be changed to conform to the principal metal and color of the shield. Unless otherwise stated distinctive insignia and badges will be worn by enlisted men as provided in paragraph 39 d (2) (c), AR 600–40 as changed, and by officers on upper portion of shoulder loops of service and white coats and olive-drab shirts; by both on the front of service hat midway between band and crease.

5. *Service.*—The record of service includes enlisted and commissioned service in the Organized Militia or the National Guard, and in the authorized Federal forces. Prior to July 1, 1916, officers are credited with State service while serving under appointment by the State; subsequent thereto credit for commissioned service is given while in a federally recognized status. State enlisted service subsequent to July 1, 1916, is credited only when assigned to a federally recognized National Guard unit. Service at the Military or Naval Academy is included. OTC or SATC service is shown except where such service overlaps enlisted or commissioned service.

6. *Form.*—A record that includes both enlisted and commissioned service is shown in two separate blocks. The service in each block is arranged in chronological order of dates. Enlisted service appears in italics and commissioned service in roman type.

7. *Style.*—Punctuation is reduced to a minimum; abbreviations are used to the maximum. The record of service is limited to grade, branch, and inclusive dates. Each period of service includes such data. All grades authorized in the applicable arm or services are used excepting specialists' ratings. No reference is made to the organizations in which an individual served or to the manner of separation from service. The word "to" indicates a termination of service. Each period of service is continuous from date of entrance until terminated on the date following the word "to" except in some cases of a last enlistment period preceding commissioned service. Service in the Federal forces, in the ORC, and in forces or States other than the National Guard of the individual's present State appears in brackets. Active service in the Army, Navy, or Marine Corps is indicated by "F" and service in other Federal forces is indicated by appropriate abbreviations. The style adopted attempts to prevent an overlap of service as to dates or class.

8. *Brackets.*—Brackets are used as follows: In the first column to show a commission in a lower grade authorized in lieu of one in a higher grade, and to show the latest status in the Officers' Reserve Corps; in the second column to show service in the ORC, Federal forces, and all other forces except Organized Militia or National Guard service in the individual's present State. A period of State service that runs concurrently with Federal service is interrupted but not broken by brackets.

9. *Parentheses.*—Parentheses are used in only a few cases and then only for descriptive purposes.

10. *Officers' Reserve Corps.*—The date of acceptance and not the date of appointment is shown. The latest acceptance of appointment or reappointment in the Officers' Reserve Corps appears in brackets in the first column and shows the arm or service, grade, date, and serial number. Coterminous appointments are shown only in column 1. Service under 5-year appointments is shown in an officer's service in column 2, even though such service may overlap enlisted or commissioned service in the National Guard. Officers' Reserve Corps service appearing in the second column is continuous except where a termination is stated. Periods of active duty under reserve commissions are indicated by appropriate notations.

11. *Longevity.*—The longevity pay of officers is based on commissioned service only. Full time is authorized for commissioned service in the Organized Militia or the National Guard, or in the Army, Navy, Marine Corps, Coast Guard, Coast and Geodetic Survey, Public Health Service, Naval Militia, or National Naval Volunteers. Full time is allowed for active duty and one-half time for inactive duty under reserve commissions held in the Naval Reserve Force, Marine Corps Reserve Force, Public Health Service Reserve, and the Officers' Reserve Corps. Service in the National Guard Reserve does not count for longevity purposes.

12. *Pay.*—Officers will be entitled to longevity pay in accordance with the record of commissioned service stated in the latest edition of the National Guard Register or amendments thereto issued on MB Form 3-d. Such record is conclusive and final in the determination of all questions as to prior service. Longevity pay is not authorized for armory drills.

13. *Vacancies.*—Vacancies in commissioned grades are shown for a recognized organization or for an authorized allotment of commissioned personnel except in State staff. A commission in a lower grade authorized in lieu of one in a higher grade is shown for the higher grade in brackets under the individual's name and indicated by the words "in lieu of."

14. *Regular Army Officers.*—The names of Regular Army officers, active and retired, commissioned in the National Guard are shown in the Register with the organizations to which assigned. The data on such officers will be limited as their service appears in the Official Army Register. In the first column will appear the name and National Guard grade, with Regular Army grade and branch. The second column shows only grade, arm or service, and date of Federal recognition as National Guard officers. In the cases of retired officers coterminous appointments in the Officers' Reserve Corps are shown in column 1.

15. *Corrections.*—Errors and omissions should be reported by individual officers to the Chief, Militia Bureau, through the State adjutant general, who should verify the corrected statement of service.

16. *Addresses.*—The Militia Bureau does not maintain a directory of the home addresses of National Guard officers. The official address of an officer is the organization to which he is assigned or through the adjutant general's office of his State.

17. *Abbreviations.*—The use of abbreviations is restricted to those published in regulations. As a means of ready reference the following are given:

127 ENGR BN (MTD)	Organized 1926 from companies originally organized in 1922 and 1924 as units of 133 Engrs **Coat of arms:** Approved 27 Apr 26 **Shield:** Gules, a pale wavy argent, a grapevine leafed per bend wavy counterchanged, in sinister chief a winged spur of the second **Crest:** That for regiments of Ala NG **Motto:** GET THERE FIRST **Description:** The shield is in the colors of the C of E. The arms are based on local history. When Gen Nathan Bedford Forrest of the Confederate Army pursued Col Abel D Streight in his raid through northern Alabama he crossed a river with his Arty by pulling the cannon and empty caissons with ropes and grapevines. This historical fact is perpetuated as a fitting example of how a difficulty may be overcome. The winged spur signifies the unit is mounted. The motto is said to have originated with General Forrest, who is claimed to have said "Get there furstest with the mostest men" **Distinctive insignia:** Approved 27 Apr 26 Shield and motto of coat of arms

158th INF	Organized 1865 as 1 Ariz Vol. Inf. [**F**—(Civil War) 1865 service in Ariz against Apache Indians; mustered out 1866]. Reconstituted in 1 Regt Inf Ariz Militia by Territorial legislature 1877; the first unit (Co B) was reorganized 1882; other companies were organized from time to time. [**F**—(Mexican border) 2 June 16; stationed at Naco and Roosevelt Dam, Ariz; not mustered out; (World War) redesignated 158 Inf; service in France; not in combat; mustered out 3 May 19]. Reorganized as 158 Inf 12 Sept 24 from companies organized in 1920–1924, inclusive **Streamers authorized:** INDIAN WARS Arizona, 1866 WORLD WAR Without inscription **Coat of arms:** Approved 26 July 24 **Shield:** Argent, on a saltire gules two arrows crossed of the field, in dexter fess a prickly pear cactus vert and in sinister fess a fleur-de-lis azure **Crest:** That for regiments of the Ariz NG. WREATH: Argent and gules **Motto:** CUIDADO (Take care) **Description:** The shield is white, the old Inf color. The red saltire cross recalls the fact the regiment was organized in 1865 for the Civil War. Officially the Civil War did not end in Texas and west of Texas until 1866. The arrows indicate the regiment's early service fighting Apache Indians. While organized for Civil War service and replacing the Calif Vols who drove the Confederates out of Ariz their whole service was against the Apaches, although undoubtedly preventing any attempt by the Confederates to recapture Ariz from positions they occupied in NMex. The motto has two applications—a warning to those who might oppose the regiment and a caution to those who belong to it **Regimental badge:** Approved 22 July 24; amended 11 and 25 Apr. 28 On a blue shield a gila monster in gold, with "cut-out" blue ribbon-scroll at bottom of shield bearing motto "Cuidado" in gold letters. To be manufactured in pairs. To be worn; By officers on shoulder loops of coats and shirts, heads of gila monster to front; by enlisted personnel, on standing collar coats, heads to front; on roller-collar coats, heads to dexter (military right). On service hats, heads to dexter

ARKANSAS

HARVEY PARNELL, Governor, Commander in Chief
EBENEZER L. COMPERE, Brigadier General, The Adjutant General
Maj. EDWARD WOODFORD, Jr, QMC, USP and DO

CREST: Approved 8 May 24. On a wreath or and azure a garland of oak leaves and acorns tied with a red ribbon and upheld by a dexter hand erased at the wrist all proper.

DESCRIPTION: The motto of the State of Arkansas is "REGNANT POPULI" (Let the people rule). This is symbolized heraldically by a "civic crown," a garland of oak upheld by a right hand. The oak is also indicative of strength and the wreath of victory. The territory was originally a part of the Louisiana Purchase and the twists of the wreath are accordingly gold and blue.

WILLIAM H. ADAMS, Governor, Commander in Chief
PAUL P. NEWLON, Colonel, The Adjutant General
Maj. ALPHONSE P. ARDOUREL, QMC, USP and DO

CREST: Approved 6 Mar 22. On a wreath or and gules a fasces paleways proper with ribbon of red, white, and blue. DESCRIPTION: The fasces appears on the seal of the State. It is a bundle of rods with a battle ax bound together with the ribbon. It was a symbol of authority in the Roman Republic. Singly the rods are easily broken, bound together they are unbreakable. The name of the State is of Spanish origin and a large portion of its area was partly territory of the Texas annexation and partly of the Mexican War annexation. The colors of the heraldic wreath or torse are accordingly gold and red.

43 DIV AVIATION	**Badge:** Approved 9 Aug 28. On a bezant a representation of a Conn colonial secretary running with the Colony's charter in his left hand proper (hat, coat and breeches blue; hair, vest, shoes, and stockings black), all encircled with a black amulet broken at the top with white spots, similar to the International code letters "F. E. A." **Description:** The emblem represents the Conn colonial secretary making haste with the Colony's charter to secrete it in the oak tree, since known as the Charter Oak, to prevent its seizure by the British. It is emblematical of safety, speed and integrity. The code letters are the first letters of the motto "Fidele et Alerte" (Faithful and Alert)

ILLINOIS

LOUIS L. EMMERSON, Governor, Commander in Chief
CARLOS E. BLACK, Brigadier General, The Adjutant General
Col. RICHINGS J. SHAND, AGD, USP and DO

CREST: Approved 5 Feb 23; amended 14 Aug 24. On a wreath, or and azure, upon a grassy field the blockhouse of old Fort Dearborn proper.

DESCRIPTION: The Fort Dearborn blockhouse represents one of the earliest and most famous of the military establishments of the United States in the Northwest Territory. While not the first place in Illinois to have an American garrison, it was in reality the first permanent fort established. The original white exploration and settlement within the State was French, and the twists of the wreath are accordingly gold and blue.

Reorganized as 7 Inf in Feb 1921; redesignated 2 FA 1 May 21; redesignated 124 FA 13 Dec 21. 7 Inf and Trs B, D, G 1 Cav which served in World War as previously indicated reconstituted and consolidated with 124 FA 25 May 27 **Streamers authorized:** WORLD WAR Lorraine St Mihiel Meuse-Argonne **Coat of arms:** Approved 17 May 28 **Shield:** Tierced in pairle gules, or an argent, a lion rampant sable armed and langued azure **Crest:** That for regiments of Ill NG. WREATH: Or and gules **Motto:** FACTA NON VERBA (Deeds, not words) **Description:** The shield is red, yellow, and white for Arty, Cav and Inf, respectively, the 124 FA having its origin in the 1 Ill Cav and 7 Ill Inf. The division of the shield suggests the pairle on the unofficial, though well known, arms of the city of Chicago, the allocation of the headquarters of the organization. The high point of the regiment's service in the World War was during the five days before the armistice when it was located on the west bank of the Meuse near Luneville in the Arrandissement of Montmedy; during this time the regiment fired continuously in support of the 89 Div. The rampant lion is taken from the arms of Montmedy and symbolizes not only the place where the regiment distinguished itself but also its fighting characteristics **Distinctive insignia:** Approved 16 May 28 Shield and motto of the coat of arms

KENTUCKY

FLEM D. SAMPSON, Governor, Commander in Chief
WILLIAM H. JONES, Jr., Brigadier General, The Adjutant General
Lt. Col. FRANK H. LUSSE, QMC, USP and DO

CREST: Approved 5 Feb 24. On a wreath, argent and gules, within a garland of trumpet vine, clasped hands clothed at the wrists, all proper.

DESCRIPTION: The trumpet vine is the State flower and the clasped hands are indicative of the motto of Kentucky, "United we stand, divided we fall." The predominant white population within the State was of English origin, and the twists of the wreath are accordingly white and red.

Portland Light Inf and Portland Mechanic Blues reorganized under old charters 27 May 68 and 7 Feb 68 respectively; regiment reorganized as 1 Inf Vol Militia 5 Apr 73; reorganized 16 June 80 without material change; redesignated NG in 1893. [**F**—(Spanish War) 5–14 May 98; redesignated 1 Me Vol Inf; stationed at Chickamauga Park, Ga; mustered out Oct–Nov 1898]. Reverted to former State status; converted to Coast Arty 1 Jan 10. Reorganized as 1 CDC CAC 11 July 22 from old companies previously reorganized and new ones organized 1920–21; redesignated 240 Arty (CAC) 17 Sept 23; 240 Coast Arty (HD) 16 Apr 24 **Streamers authorized:** WAR OF 1812 Without inscription CIVIL WAR Valley Manassas Antietam CIVIL WAR—Continued Chancellorsville Louisiana 1864 Shenandoah WORLD WAR Without inscription **Coat of arms:** Approved 6 Feb 29; amended 6 Apr 29 **Shield:** Argent, on a bend azure 10 mullets of the field between a portcullis gules and a phoenix of the like rising out of flames proper **Crest:** That for regiments of Me NG. WREATH: Argent and azure. **Motto:** SEMPER PRIMUS ET FIDELIS (Always first and faithful) **Description:** The portcullis symbolizes the regiment's present character as harbor defense, also that of some of its first components prior to 1860, as in ancient fortress warfare it barred the gateway to the hostile invader. Red is characteristic of Arty. The blue bend signifies the organization's service as Inf especially during the Civil War and that it fought on the Northern side, the stars representing the 10 battles in which it was engaged. The phoenix is from the crest of the city of Portland, the seaport and chief gateway of Maine (the headquarters of the 240 Coast Arty, H. D.), which has three times risen from the ashes of war. It is also the crest of the harbor defenses of Portland to which the regiment is assigned for service. It furthermore denotes the successive rejuvenations of the regiment following the Civil, Spanish, and World Wars **Distinctive insignia:** Approved 8 Feb 29 Shield and motto of the coat of arms

101 Obsn Sq—Boston	Organized 18 Nov 21 **Fuselage device:** Approved 18 Nov 24. A blue disk edged with gold behind a sea gull in flight **Description:** The circle of blue symbolically represents the blue waters of Boston Harbor which nearly surround the Boston airport, the home station of the squadron. It also represents the blue skies of Mass the territory covered by the squadron in the air. The gold circle denotes the golden opportunities of the squadron for development, and the white sea gull, a bird of keen vision, superimposed upon the whole denotes the ability of the organization as an observation squadron to observe all activities that take place within sight

MICHIGAN

FRED W. GREEN, Governor, Commander in Chief
JOHN S. BERSEY, Colonel, The Adjutant General
Col. LE ROY PEARSON, QMC, USP and DO

CREST: Approved 29 May 26. On a wreath, or and azure, a griffin segreant or.

DESCRIPTION: In "La Salle and the Discovery of the Great West" Parkman described in Chapter XI et seq., the building of the "*Griffin*" in 1670 in the calm waters above Niagara Falls. La Salle built the ship to carry his expedition and supplies through the Great Lakes and carved a griffin for its figurehead. He did this in honor of his patron, Count Frontenac, the griffin was a portion of the count's armorial bearings. This was the first white man's ship to navigate the great waters which inclose and are inclosed by Michigan. It sailed through Lake Erie, up the Detroit River past the site of the future city, through Lake St. Clair, up the St. Clair River, through Lake Huron. It stopped at the settlement of Michilimackinac (Mackinack Island), visited St. Ignace, sailed into Green Bay and down into Lake Michigan. The original white exploration and settlement within the State was French, and the twists of the wreath are accordingly gold and blue.

Trs C and D and 1 Sq organized 26 June 17; Hq and Sup Cos 31 Inf organized 21 Jan 15. [**F**—(Mexican border) 19 June 16; stationed at El Paso, Tex; mustered out 20 Jan 17]. 119 FA [**F**—(World War) assigned to 32 Div; served with 32 Div in France; mustered out 16 May 19]. Reorganized as 1 Bn 119 FA 22 July 21; redesignated 119 FA 10 Feb 22 **Streamers authorized:** World War: Aisne-Marne, Oise-Aisne, Meuse-Argonne World War—Continued: Lorraine, Alsace, Champagne **Coat of arms:** Approved 18 Apr 25 **Shield:** Gules, in sinister chief the badge of the 1 Corps of the Spanish War argent and in base issuant a demi-lion rampant or, on a canton of the last (or) a bend of the first (gules) charged with three alerions of the third (or) **Crest:** That for regiments of Mich NG. Wreath: Argent and gules **Motto:** Viam Praeparamus (We prepare the way) **Description:** The baptism of fire of this regiment occurred in the Toul Sector; this is represented by the canton, the arms of Lorraine. The silver badge of 2 Div 1 Corps of the Spanish War is displayed in sinister chief. History shows that for many years the district around what is now the city of El Paso, Tex, was known as Ponce de Leon's ranch, having been settled and colonized by a group of the followers of that explorer, and who named their new home after their leader. The lion issuant is, therefore, taken from Ponce de Leon's crest, to denote service on the Mexican border at El Paso, Tex. **Distinctive insignia:** Approved 17 Apr 25 Shield and motto of the coat of arms
